Imaging Science and Engineering Laboratory, Tokyo Institute of Technology
4259 Nagatsuta-cho, Midori-ku,
Yokohama, 226-8503,
Japan

Dear Professor Osamu Hasegawa:

Thank you very much for accepting my invitation to take part in the Sixteenth Yale Workshop on Adaptive and Learning Systems to be held at Yale University on June 5-7, 2013.

The primary objective of the workshop is to provide a forum for the exchange of ideas among experts in the fields of Information and Systems Sciences, in an environment conducive to pleasant and collegial interactions. As in the past, papers will be presented in the areas of Neuroscience, Artificial Neural Networks, Adaptive Control, Learning, Communications and Control, Networks and Robotics.

I am enclosing a copy of the announcement of the Workshop. Also, the website for the Workshop will be ready in a few weeks, to provide additional details. In the meantime, if you need any other information please contact either my assistant Mrs. Theresa Evangeliste at 203-432-2211 or my graduate student Prashanth Harshangi at 213-458-2374.

The response to the workshop thus far has been excellent. I anticipate a stimulating and useful exchange of ideas. I thank you for your interest and look forward to welcoming you in New Haven in June.

Sincerely,

A handwritten signature in black ink, appearing to read 'K.S. Narendra', with a long horizontal line extending to the right.

K.S. Narendra
Harold W. Cheel Professor of Electrical Engineering
Director, Center for Systems Science

P.S. In the next few days you will receive instructions for the preparation and submission of your paper. If all the papers are submitted by May 1, 2013 I can arrange to have copies of them ready for distribution at the Workshop.
